

Update 10/06/2019:

Kibbutz Harel Rehabilitation of fire 10/06/2019 From the date of the electricity summary:

1. All members' homes were re-connected to the electricity grid (except for the houses that were damaged by the fire).
2. Transformer 2 (Electrical Area): An electrical engineer survey was carried out for the purpose of lifting the connection with the Electric Company (initial compliance with them) and the restoration of the line to the warehouses by the private company employed by the kibbutz to restore the electricity.
3. Removal of asbestos roofs in a radius of up to 100 meters from the houses of the members (in the center of the kibbutz) - Progressing at a rapid pace and expected to complete the removal of all the Asbestos by Thursday afternoon.
4. The Beit Adler area: The land was cleared, and new earth was spread, the work will be completed by Wednesday the 5th. The interior of the houses adjacent to the area should be cleaned and on Wednesday a laboratory will be scheduled to monitor samples both in homes and in the public area.
5. Cleaning homes: All the homes that can be cleaned will be cleaned by Thursday. House cleaning can be coordinate with the Belfor company with Ofra, another option is to order a cleaning company in private and to submit a refund to the insurance.
6. On Thursday afternoon, a hotel stay arrangement ends for all members, except for all the members whose homes have been damaged by the fire and must be rebuilt and rehabilitated.
7. Transportation to schools: On Wednesday and Thursday school buses will be from the kibbutz and from the hotels. Next week, the transportation will only be from the kibbutz, with the exception of a specific arrangement with families whose homes have been damaged and will remain in alternative housing.
8. Kinder gardens: They will be cleaned during the weekend and return to regular activity on Sunday next week.
9. An arrangement was reached with an insurance consultant will meet with members during the following week for the purpose of answering various questions.
